-----

This is the product of combining collapsible solar panels with a reinforced shipping container to provide a mobile solar power system for off-grid or remote locations.

The 150A Solar Power Station with 1500W delivers powerful lithium energy for camping, RV trips, and home blackouts, with dual charging options and certified safety for all conditions.

Our 20 and 40 foot shipping containers are outfitted with roof mounted solar power on the outside, and on the inside, a rugged inverter with power ready battery bank.
