Grundfos has been an industry leader for years, providing submersible solar pumps to consumers that can survive the elements to bring you quality water where you need it.

We've put together some videos and photos from our customers and staff on ways you can build-out your water feature to incorporate our solar pumps. We hope you will enjoy!

Depending on your needs, you can look for either submersible pumps or pumps floating on water- however, many of them work very well as both. The Solariver Solar Water Pump Kit is perfect ...

The definitive guide to solar water pumps. We cover how they work, how to size the right panels and pump for your project, costs, and installation. Use our interactive calculator to ...
