-----

This article's for engineers nodding along to redox reactions, policymakers seeking grid stability solutions, and curious homeowners wondering if they'll ever get a vanadium ...

The 200 kW.hr flow battery neatly fits into a 20 ft sea-container and has a 20-year lifespan, limited only by the standard electrical inverter, not the battery itself.

Engineers have developed a water-based battery that could help Australian households store rooftop solar energy more safely, cheaply, and efficiently than ever before.

The 200 kW.hr flow battery neatly fits into a 20 ft sea-container and has a 20-year lifespan, limited only by the standard electrical inverter, ...
