Turboden realized a 8 MWe ORC plant for biomass application for Athens Energy, which runs a wood pellet manufacturing plant in Athens. Find out more!

As industries from data centers to desalination plants adopt this tech, one thing's clear--the Athens Power Storage System isn't just storing energy; it's powering a smarter, ...

The power plant was commissioned in 2019 and started energy production the same year. The current owner and operator of the Athens BESS facility is Gopher Energy Storage LLC.

To access additional data, including an interactive map of gas-fired power stations, a downloadable dataset, and summary data, please visit the Global Oil and Gas Plant Tracker ...
