Where can I find a charging station?

ChargeFinder will eventually also be available as apps in Apple CarPlay, Android Auto and Android Automotive. Specific city pages provide a good overview of charging stations in a particular city. For larger cities like Los Angeles, New York, San Francisco and Seattle you can find more information about charging stations.

Is price information available for all charging stations?

Price information is available for several charging networks and is updated regularly. In some countries, price information is already available for most charging stations, while in other countries we are working on adding prices for more networks.

How do I find out if a charging station is nearby?

The station page shows the charging speed, outlet type, number outlets, price, which operator owns the station, and other relevant location information. With ChargeFinder's "Food and Shopping Nearby" it's easy to find out if there are eateries or other points of interest adjacent to the charging station.
