Tailor-made, sustainable battery solutions from CMBlu can be used to bypass the resulting overloads and bottlenecks within the port and the upstream power grid.

Meet the salty superhero of ports: Maritime BESS Containers! They enable cold ironing (bye, ship emissions!), tame crane power peaks, & boost microgrid resilience.

As of May 7, 2025, European ports are leading the global transition to electrification through innovative energy storage solutions. This report details cutting-edge applications across major ...

Discover our Container Energy Storage System offering high-capacity, modular, and scalable energy storage ideal for renewable energy sites, microgrids, and backup power.
