---

The largest example of our container family for the safe storage of e-car lithium-ion batteries.

EV battery cell pack designs are built around three primary cell types: cylindrical, prismatic, and pouch. Each design offers unique advantages, with no definitive "best" option ...

Americase designs each lithium battery storage container to perform under extreme conditions, providing unmatched thermal protection, shock resistance, and modular scalability.

Cylindrical LFP cells (e.g., Eve Energy's 46-series) enable 100%+ growth in portable/home storage due to cost efficiency and modularity. Policy accelerators include ...
