What currency does Equatorial Guinea use?

As a CEMAC member, Equatorial Guinea uses the Central African franc (XAF), which is backed by the French treasury and pegged to the euro at a fixed rate of 655.957 XAF/EUR. The XAF/USD exchange rate thus fluctuates with the value of the euro.

Is Equatorial Guinea a reversal of fortunes?

It almost marks a reversal of fortunes for Equatorial Guinea, which was once a hotbed of promise when Mobil discovered oil there and Exxon increased production after its takeover in 1999. But oil production has been steadily declining in recent years, down more than 80 per cent from the boom years.

Does the DFC have any projects in Equatorial Guinea?

The DFC does not have any active projects in Equatorial Guinea, but there is potential for DFC programs to support investments in infrastructure (including water and power), telecommunications, agriculture, petrochemicals, and other industries. 13. Foreign Direct Investment Statistics

What is the investment climate in Equatorial Guinea?

The investment climate in Equatorial Guinea reflects a lack of clear rules and regulations to establish and run a business, a lack of investment in critical infrastructure like power generation, and a lack of follow-through on high-level commitments to economic diversification or increased transparency.

Despite Exxon's history of doing business in Equatorial Guinea for almost three decades, the company decided to cut its losses altogether after a safety incident in 2022 ...

While Equatorial Guinea is not a signatory to the ICSID Convention, one case was brought before a tribunal in 2012, but was dismissed. In 2014, a French court ordered the government to pay ...

Equatorial Guinea Grid Forming Inverters Market is expected to grow during 2024-2031

As a rule, inverters designed for outdoor use may be installed either outdoors or indoors, however indoor inverters can only be installed indoors. The great majority of grid-tied or string inverters ...
