---

Detailed walk-through of the planning and installation of our 3kW - 5kWH - 120V off-grid solar system that powers a rehabbed shipping container. Use to build your own system ...

Whether you're looking for a solar power for shed, solar power for cabin, or a solar system for garage, Sunchees offers complete off grid solar power kits with seamless integration.

Beyond mounting the solar panels on the roof of the container on delivery, NO wiring or assembly is required to have your own storage, living space or workspace ready in just a few hours.

Garage solar panels can power the lights, doors, electric tools and even an EV. You can make your garage fully autonomous or tie it to the grid to offset the bills. This article ...
