HJ-SG-R01 series communication container station is a modular large-scale outdoor base station specially designed to meet the needs of large-capacity and high-efficiency communication.

Highjoule's HJ-SG Series Solar Container was built for one purpose: keeping base stations running where there's no grid power. It integrates solar PV, battery storage, backup ...

It is used in scenarios such as communication base stations, smart cities, transportation, power systems and other edge sites to provide stable power supply and optical distribution networks.

Huijue Group HJ-SG series Communication Container Station is used for outdoor large-scale base station sites.
