Discover our Container Energy Storage System offering high efficiency, modular scalability, and reliable power backup for industrial and commercial applications.

Its IP55 dust and water resistance and  $-20^{\circ}\text{C}$  to  $50^{\circ}\text{C}$  operating temperature range make it suitable for the high temperatures of desert mines and the high humidity of ports.

The plug-and-play BESS Mining Rig Containers integrate advanced battery energy storage systems with high-performance mining rigs, creating a fully self-contained and portable solution.

Containerized energy storage is an Advanced, safe, and flexible energy solution featuring modular design, smart fire protection, efficient thermal management, and intelligent control for optimal ...
