Discover the MEGATRON Series - 50 to 200kW Battery Energy Storage Systems (BESS) tailored for commercial and industrial applications. These systems are install-ready and cost-effective, ...

The 100kWh lithium battery energy storage cabinet offers high efficiency, flexibility, scalability, and reliable performance. The ingress protection rate ...

Our systems feature 100kWh battery capacity and are designed to provide reliable, long-lasting power for industrial and commercial operations.

100 kWh battery high-voltage energy storage system has an all in one solution design. It uses lithium ion battery packs, which are safe and stable with high energy density. It can be ...
