AMEA Power has completed commissioning of the first large-scale battery energy storage system (BESS) in Egypt.

The project aims at providing the scientific, technological and policy basis required for the development and implementation of large-scale energy storage in Egypt, enabling increased ...

The project is located in the Kom Ombo area of Aswan, Egypt, and is an expansion based on the existing 500 MW photovoltaic power station. The energy storage station has a ...

The BESS supports the solar power facility in Aswan Governorate in Egypt. Officials said the project is Egypt's first utility-scale ...
