What is knock on glass?

Our photographic portfolio includes numerous successful projects in New York City and beyond. Over the years, Knock On Glass became a prominent fabricator and installer of shower doors and enclosures, aluminum and frameless storefronts, glass railings, wall-to-wall mirrors, glass partitions, and many more custom glass projects.

How do I contact knock on glass?

New York, NY (718) 200-7797 [knockonglassnyc@gmail.com](mailto:knockonglassnyc@gmail.com); Knock On Glass Inc., All rights reserved.

Why should I install a solar screen on my Window?

Installed on the outside of the window or in place of a traditional screen, solar screens can help your family reduce cooling costs and increase the privacy of your home without blocking views or reducing airflow. A reduction in window glare. Increased privacy.

What are solar screens & how do they work?

Often made of PVC-coated polyester, solar screens aid in reducing heat transfer through glass. Installed on the outside of the window or in place of a traditional screen, solar screens can help your family reduce cooling costs and increase the privacy of your home without blocking views or reducing airflow. A reduction in window glare.
