Utility San Diego Gas and Electric (SDG& E) and US-based storage provider AES Energy Storage, a subsidiary of AES Corporation, have completed what they claim to be the world's largest ...

China General Nuclear, a state-owned power company, has recently signed an agreement with Laos to expand a significant renewable energy initiative in the northern region of the country.

With 80% of its electricity already coming from renewables (mostly hydropower), Laos is now betting big on energy storage solutions to juice up its regional influence. But how ...

An energy storage mechanism is introduced to stabilize power generation by charging the power storage equipment during surplus generation and discharging it during periods of insufficient ...
