How does transport work in Luxembourg?

Transport in Luxembourg is ensured principally by road,rail and air. There are also services along the river Moselle which forms the border with Germany. The road network has been significantly modernised in recent years with motorways to adjacent countries.

How much does a train ticket cost in Luxembourg?

Starting from 29 Feb 2020,all public transport was made free throughout the territory of the Grand Duchy of Luxembourg,funded through general taxation. However first class tickets can still be purchased for use on the trains: a ticket valid for 2 hours is EUR3,whilst a one-day ticket is EUR6.

How long is the railway in Luxembourg?

Operated by Chemins de Fer Luxembourgeois (CFL),Luxembourg's railways form the backbone of the country's public transport network,linking the most important towns. The total length of operational (standard gauge) track is 274 km (170 mi),though it was some 550 km (340 mi) at the end of the Second World War.

How many AVL buses are there in Luxembourg City?

Luxembourg City is served by 250of its own AVL (Autobus de la Ville de Luxembourg) buses transporting some 40 million passengers per year (2018). 170 of these are,as with the RGTR,contracted out to private operators. Most of these buses are in AVL colors but the owner's name is often mentioned on them in small print.
