Are glass sunrooms retractable?

Our sunrooms have been installed in hundreds of thousands of homes,condos,restaurants,hotels and conference centers around the world. Unlike most glass sunrooms,our glass sunroom walls are retractable,so you can open and close them as you please. You can bridge together the indoors and outdoors with a stunning sunroom extension in your home.

What can a glass sunroom do for You?

Imagine a glass sunroom that allows you and your family to spend more time outdoors. Enjoy breakfast outside,send your children out to play,and entertain friends--even when the weather is cool,wet or windy.

What is a good U-value for a sunroom?

The typical U-value is 1.6. If you can't build your sunroom in the location that will keep it the most comfortable,or you want more hours to enjoy your all-season room,consider these options: Add operative skylights to act as heat dumps when the room gets too warm. Intersperse prefabricated insulating roof panels among the glass roof panels.

What type of glass do I need for my sunroom?

Our basic glass,single-pane is standard on our three season rooms. Choose from clear glass or bronze tint. Comprised of two panes of glass,insulated glassis a popular choice for extending the seasonal use of your sunroom. It will also improve your heating and cooling performance over single-pane glass.
