Water softeners do wonders for manganese and iron. It should be able to handle your water fine. I like kinetico k2060.

The symptoms of manganese toxicity include tremors, muscle spasms, hearing problems, mania, insomnia, depression, loss of appetite, headaches, irritability, weakness, and ...

A spoonful of managanese (typically less than 1%) is used to increase hardness and wear-resistance. It also helps improves cast quality by helping mitigate shrinkage and ...

What kind of light are you using? Manganese generally doesn't glow under 395nm. When I go out and use a lower wavelength light, it seems like every other piece in the antique store glows. I ...
