The meaning of MODULAR is of, relating to, or based on a module or a modulus. How to use modular in a sentence.

Modular buildings (and also modular homes) generally consist of universal parts (or modules) that are manufactured in a factory and then shipped to a build site where they are assembled into a ...

Our rack-type enclosure design not only conforms to common usage habits, but also emphasises the advantages of modular design to adapt to the diverse application requirements of energy ...

Simply put, modular homes have sections that are built in a factory, rather than being fully built on a home site. These parts are then transported to the site and assembled by a builder.
