Why is Mozambique acquiring 25-30 MW of solar PV?

The procurement of 25-30 MW of solar PV is the first stage of implementation of the program which will contribute to the diversification of Mozambique's power mix and improve power supply quality, whilst ensuring low-cost energy for Mozambican end users

What is a get fit Mozambique tender?

The tender is promoted by the Ministry of Mineral Resources and Energy (MIREME), with funding from the Government of Germany, through the KfW Development Bank, under the GET FiT Mozambique program, and is implemented by the Energy Regulatory Authority (ARENE).

Which local communities will be affected by solar PV projects with storage facilities?

In April and May 2025, the Programme Implementation Consultant (Multiconsult Norge AS) together with EDM held consultations in the five local communities that will be affected by the implementation of Solar PV projects with storage facilities (Mecubiri, Meconta, Caia, Limpompo and Guija).

Technological advancements are dramatically improving solar storage container performance while reducing costs. Next-generation thermal management systems maintain optimal ...

This summary covers an application by Globeleq Africa Limited (GAL) for its equity and quasi-equity investments in CESOM - Central Solar de Mocuba, S.A. (CESOM) in ...

In regions like Beira, Mozambique, where power reliability directly impacts public safety and economic growth, uninterruptible power supply (UPS) systems paired with advanced ...

Mozambique's Beira region faces unique energy challenges--frequent cyclones, unreliable grids, and growing demand for off-grid power. The new Outdoor Energy Storage Power Supply ...
