What is a solarcontainer?

The Solarcontainer is a photovoltaic power plant that was specially developed as a mobile power generator with collapsible PV modules as a mobile solar system, a grid-independent solution represents. Solar panels lay flat on the ground. This position ensures maximum energy harvest. Panels lay flat on the ground.

Why should you choose a solar energy company in Kenya?

We are at the forefront of solar energy development in Kenya, helping the country lead the way in developing renewable energy sources and increasing our energy independence. We have been supplying quality solar products, service and advice for over 15 years, we can help you with all of your solar energy needs.

How many households can a solar Container Supply?

Based on an average power consumption of a 4-person household of 4000 kWh per year and a location in Southern Germany, the solar container can supply approx. 32 households with climate-friendly electricity. At a location in Southern Europe it can even be up to 50 households due to the high solar radiation.

Why should you choose a modular solar power container?

Go big with our modular design for easy additional solar power capacity. Customize your container according to various configurations, power outputs, and storage capacity according to your needs. Lower your environmental impact and achieve sustainability objectives by using clean, renewable solar energy.

With our solar container we focus on solar energy, a sustainable and at the same time the most logical energy source in Africa. We have developed ...

With our solar container we focus on solar energy, a sustainable and at the same time the most logical energy source in Africa. We have developed two different containerized systems: our ...

Our pioneering and environmentally friendly solar systems: Folded solar panels in a container frame with corresponding standard dimensions, easy to unfold thanks to a sophisticated rail ...

This solar+BESS complete system will power the resort during international conventions, corporate events, and conferences, ensuring a ...
