Who can bid on New Zealand tenders?

All companies and individuals who are capable of fulfilling the requirements can potentially bid on New Zealand tenders. There might be additional restrictions based on domicile, experience and qualifications depending on the project's nature and complexity. What are the top products and services procured by New Zealand tenders?

What is New Zealand's new 5G network?

The network is set to go live at the port, which is a key connection for New Zealand's freight and transport system, in the third quarter of this year. The Private 5G network will provide port workers with dedicated connectivity across port operations.

How to find New Zealand tenders?

GlobalTenders aggregates tenders from New Zealand's official, authorities and agencies websites, newspapers, journals and magazines. With artificial intelligence and machine learning the data is authenticated, segregated and reorganized to make thousands of New Zealand Tenders easily searchable on a single platform.

What spectrum is needed for 5G in New Zealand?

3.3 GHz band use in New Zealand 5G needs spectrum across low, mid and high spectrum bands to deliver widespread coverage and support a wide range of use cases. Following the mid band spectrum planning in 2019, RSM is now planning the high band spectrum (26 GHz and 28 GHz) for 5G.
