---

How is a solar air conditioner shipped?

Packaging: The solar air conditioner unit is securely packaged to protect it from potential damage during transportation. The packaging typically includes foam padding, cardboard boxes, and other protective materials.

Transportation: The solar air conditioner is loaded onto a shipping vehicle for transportation.

Who can buy YMGI HVAC & solar supply online?

Contractors and Businesses must Register to Purchase Online. YMGI HVAC & Solar Supply online store is for professional HVAC technicians only located in areas where there are no local distributor or supply stores that HVAC technicians can buy and pick up from.

Do solar air conditioners have to go through customs clearance?

Customs clearance: If the solar air conditioner is being shipped internationally, it must go through customs clearance procedures. This involves verifying the contents of the shipment, paying any applicable duties or taxes, and meeting the import requirements of the destination country.
