---

The Canadian Solar 3.3 kWh Battery Modules are designed to help you store excess solar power efficiently, giving you greater energy independence and peace of mind.

Unlike other home battery solutions, our modular design allows for keeping critical devices separately up- and running. You can even charge each battery tower individually from solar.

These solar batteries are rated to deliver 3 kilo-watt hours kWh per cycle. Check your power bills to find the actual kWh consumption for your home or business.

Experience reliable power anywhere with the 3kWh Portable Power Station. Featuring dual 110V/220V AC outlets and 2-hour fast charging via solar or ...
