---

Fortis Energy, a company headquartered in the Netherlands, acquired a 180 MW solar project with a battery energy storage system (BESS) in Sremska Mitrovica in the summer ...

Serbia plans to build solar power plants, wind farms, and pumped-storage hydropower plants, but also gas-fired power plants, energy storage batteries, and hydrogen facilities, in order to ...

Investments in battery energy storage systems (BESS) is ramping up around the world and Serbia is now making its first steps.

In the next 25 to 30 years, Serbia will have to replace its coal-based power plants, which currently have a capacity of about 4,000 megawatts. This will require a fundamental ...
