Our 20 and 40 foot shipping containers are outfitted with roof mounted solar power on the outside, and on the inside, a rugged inverter with power ready battery bank.

Discover key factors when selecting a solar battery container, including types, specs, safety, and value tips for off-grid or backup power systems.

The 160kWh battery power bank has large capacity, high safety, and a wide range of applications. When paired with a solar system, it helps you reduce peak demand and fill power gaps.

Our solar battery cabinet systems are storing Pylontech lithium-iron phosphate (LiFePO) batteries, in particular the US3000C rack mounted battery modules. We install these in a purpose built ...
