We design and build BESS containers with full engineering sign-off. We supply and install solar plants, inverter, and battery storage systems from 50kW to 2MW, specializing in BESS ...

Leading manufacturer of solar energy storage containers and modular PV ESS solutions. Providing commercial and industrial battery storage systems with reliable performance.

Our containerized storage system gave us both cost savings and energy security. During the last grid outage, production continued without interruption thanks to Solar360.

These containers now support over 65% of utility-scale solar and wind projects globally, with the market projected to hit \$33 billion by 2025. But what makes them so indispensable?
