Detailed walk-through of the planning and installation of our 3kW - 5kWH - 120V off-grid solar system ...

We are proud to partner with one of the leading providers of factory installed solar options for shipping containers. Learn more about the product and inquire below.

Our 20 and 40 foot shipping containers are outfitted with roof mounted solar power on the outside, and on the inside, a rugged inverter with power ready battery bank.

We are offering mini renewable power stations in a Off-Grid shipping Container ready to be deployed worldwide. These include solar PV panels and mountings.
