What energy storage container solutions does SCU offer?

SCU provides 500kwh to 2mwhenergy storage container solutions. Power up your business with reliable energy solutions. Say goodbye to high energy costs and hello to smarter solutions with us.

What is energy storage container?

SCU uses standard battery modules, PCS modules, BMS, EMS, and other systems to form standard containers to build large-scale grid-side energy storage projects.

What is a plug & play lithium-ion battery storage container?

Plug&Play lithium-ion battery storage container; Various usage scenarios of on-grid, off-grid, and micro-grid. All-in-one containerized design complete with LFP battery, bi-directional PCS, isolation transformer, fire suppression, air conditioner and BMS; Modular designs can be stacked and combined.

A well-designed, structurally sound, and integration-friendly containerized enclosure plays a pivotal role in ensuring long-term, stable ...

The combination of cabinets, solar systems, and lithium batteries provides efficient, reliable, and environmentally friendly solutions for energy storage applications.

Proven Battery Management System (BMS): achieves climate-proof operation over the widest range of hot/cold and wet/dry conditions. Fire ...

Proven Battery Management System (BMS): achieves climate-proof operation over the widest range of hot/cold and wet/dry conditions. Fire protection and HVAC: built-in to optimize safety ...
