-----

Complete 20kW DIY solar panel kit for home installation. Each DIY solar install kit includes solar panels, a string inverter, and racking.

7 String[] errorSoon = new String[n]; With n being how many strings it needs to hold. You can do that in the declaration, or do it without the String [] later on, so long as it's before you try use ...

These wall-mountable inverters are lightweight, and have built in module-level monitoring. They include an integrated code-compliant DC disconnect, Ethernet interface, and RS-485 serial ...

In String Interpolation, we simply prefix the string with a \$ (much like we use the @ for verbatim strings). Then, we simply surround the expressions we want to interpolate with curly braces ...
