-----

Rugged, heavy duty and industrial grade 3-phase pure sine wave DC/AC inverters, 24V, 48V, 125V or 250VDC inputs available. 208VAC or 380VAC or 415VAC output, 6000 ...

The CTP 3K Series of inverter systems uses field-proven, microprocessor controlled technology to deliver 3-Phase 3kVA continuous output power with pure sine wave output voltage.

The inverters are suitable for industrial applications where a rugged, three phase AC voltage solution is required, such as testing small 3-phase equipment in engineering labs, testing ...

The CTP 3K Series of inverter systems uses field-proven, microprocessor controlled technology to deliver 3-Phase 3kVA continuous output power ...
