Where are parasol carports made?

All Parasol products are manufactured in the USA, using US steel and iron. Parasol carports and canopies are solar structures with a purpose. Our systems generate a lifetime of clean energy, while providing welcome shelter from the elements.

Who is carport structures?

Drawing from over 40 years of experience in steel carport design Carport Structures is redefining what commercial carports and canopy structures can be used for. Working together with renewable energy experts and solar developers, Carport Structures has developed a complete line of steel carports specifically for solar energy applications.

Who makes solar carports?

The team at Parasol pioneered the design and engineering of solar carports more than 15 years ago. To date, we have delivered 350 MW of solar carport projects for municipalities, large transit authorities, federal government agencies, corporations, K-12 schools, colleges and universities, retailers, automotive centers and more.

Who can use a solar carport?

To date, we have delivered 350 MW of solar carport projects for municipalities, large transit authorities, federal government agencies, corporations, K-12 schools, colleges and universities, retailers, automotive centers and more.
