What is a container house?

CW Dwellings - Your container home from design to delivery. Why container houses? Why build houses with containers? Containers are an excellent building material for houses, as they are designed to withstand heavy internal and external loads under the most adverse conditions that a house would ever have to endure.

Where can I see a prototype of a container house?

Check us out on Fox News! Take a 360° tour inside one of our container homes and find out what makes these customizable houses one of the next big trends in architecture. Our prototype is now on display at: 81 Lancaster Ave (at the intersection of Route 30 and 401) Malvern, PA. You are welcome to visit it!

What makes a container house unique?

Resistance to severe weather: prepared to withstand long trips overseas, container houses are very resilient to inclement weather and can be located anywhere on the planet. Constructed in accordance with the rules of the IBC: during the design phase and construction phase we have followed all guidelines from the US Residential Building Code.

Are containers a good building material for a house?

Containers are an excellent building material for houses, as they are designed to withstand heavy internal and external loads under the most adverse conditions that a house would ever have to endure. In addition, the container structure is stronger than a traditional wood frame and it is fire, mold and insect resistant.
