At the same time, the demand for battery energy storage systems (BESSs) is accelerating, driven by Vietnam's abundant renewable energy (RE) potential, particularly in solar and wind power.

Among the key objectives were the upgrade of the power transmission and distribution system, acceleration of the roadmap to build a smart power ...

AC Energy (ACEN) and AMI Renewables, a Vietnam-based renewable energy (RE) platform, will be launching a pilot utility-scale battery energy storage system (BESS) in the Southeast Asian ...

To advance this goal, Vietnam Electricity (EVN) is considering assigning its five power corporations to deploy around 1,200 MW of BESS. Recent policy instruments have ...
