Where can I buy a lithium battery in New Zealand?

Click here to view our range. Cell-Supply NZ is the leading lithium battery store in New Zealand. We offer a wide range of genuine, brand-name, high-quality lithium batteries, we stock AA, 16340 / CR123, 18350 18650 and 21700 cells We take pride in offering the most up-to-date and newest supplies of both cells and chargers.

What is a lithium-ion solar battery?

Helios' lithium-ion solar battery, is a new technology in the field of solar energy storage. With its high energy density, fast charging capabilities, and long cycle life, this battery seamlessly integrates with solar power systems to enable reliable and sustainable energy storage for residential, commercial, and industrial applications.

Who is Juice Lithium Battery?

Juice Lithium Battery has established itself as a trusted name in the realm of lithium batteries in New Zealand. Leveraging advanced lithium-ion technology, Juice Lithium Battery specializes in delivering high-performance batteries for automotive, marine, and recreational purposes.

Why is the lithium-ion market so scarce?

The current lithium-ion market is becoming increasingly scarce as demand outpaces supply. Demand for lithium-ion batteries has soared due to the popularity of electric vehicles, leading to a surge in fake cells and some suppliers overstating capacities and outputs. No matter what, we will never compromise on the quality of our batteries.

Powerbox delivers high-performance power conversion and energy storage solutions, backed by local stock, engineering expertise, and end-to-end technical support across New Zealand.
